

WOODEN DRAWER RUNNER SYSTEM

QUADRO V6 YOU

DESIGNWITHHETTICH.AU

Hettich

RANGE OVERVIEW

The Quadro V6 YOU runner system impresses with its exceptionally smooth running action, long life and material efficiency for wooden drawers weighing up to 30 kg.

The YOU platform provides simple ways of differentiating furniture.

Because apart from wooden drawers, AvanTech YOU drawers can be used too. And if ever a load capacity of 30 kg is not enough, you can simply upgrade to the Actro YOU. And do so with identical cabinet body drill holes and drawer dimensions. Always part and parcel: simple yet efficient height adjustment.

	Quadro V6 YOU with Silent System + Push to Open
Description	Full extension runner with integrated Silent System
Installation	• On cabinet body side • Slide on installation
Adjustment	• Height
Load class	• XS (10 kg) • M (30 kg)

RANGE OVERVIEW

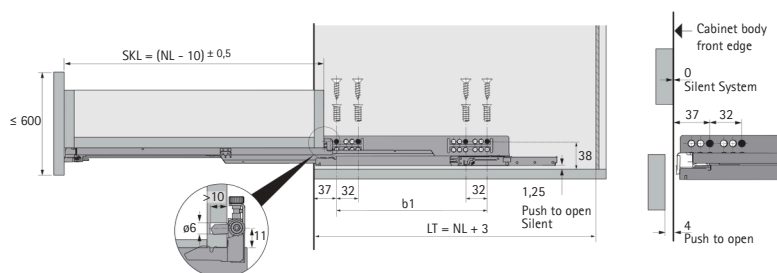

Rethink drawer runners for wooden drawers – with the Quadro product family! Hardly any other furniture fitting has had a greater influence on the world of furniture in recent decades than the Quadro from Hettich: its ball bearing principle has made it the model for an entire generation of high-quality runners for wooden drawers.

Time for a new dimension: With the Quadro V6 5D, you can now build high-quality furniture even more efficiently. The result: Quadro's high precision, tool-less 5-way adjustment for height, side, depth, tilt and radial facility gives you perfect front panel alignment with minimal reveal widths. Test the latest Quadro generation.

Enhance your wooden drawers with Actro 5D runners for greater load capacity.
