CARBITOOL

MEASURING TOOL RANGE

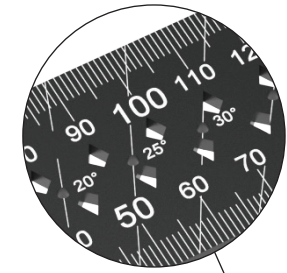

www.carbitool.com.au

PRECISION WOODWORKING SQUARE

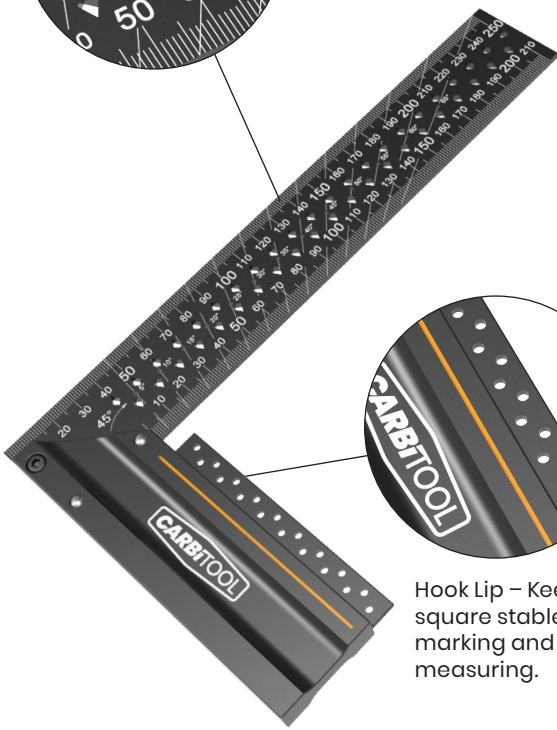

Designed for easy marking of angles commonly used in woodworking applications.

Features & Benefits

Precision Machined 6061 Grade Aluminium Construction – Provides highly accurate measurements and longer tool life.

Diamond Marking Holes - Ensures marking tool remains centred.

Hook Lip – Keeps the square stable when marking and measuring.

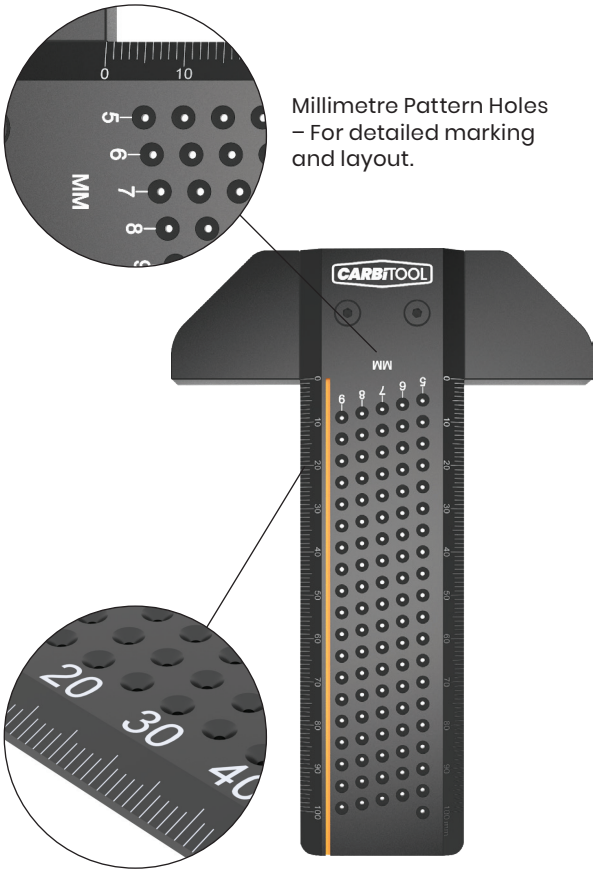

Size	Part No.	Barcode
250mm	**CBMBH0250**	9314350048638
300mm	**CBMBH0300**	9314350048645

LAYOUT T-SQUARE

Designed for accurate measuring and marking in woodworking applications.

Features & Benefits

Precision Machined 6061 Grade Aluminium Construction – Provides highly accurate measurements and longer tool life.

Millimetre Pattern Holes – For detailed marking and layout.

Bevelled Edge – For easy transfer of measurements.

Use with 0.9mm mechanical joiners pencils.

Size	Part No.	Barcode
60mm (pocket)	**CBMCH0060**	9314350048683
100mm	**CBMCH0100**	9314350048652
160mm	**CBMCH0160**	9314350048669
260mm	**CBMCH0260**	9314350048676

MEASURING RULE HOOK STOP

Designed for accurate measuring and marking in woodworking applications.

Features & Benefits

Precision Machined 6061 Grade Aluminium Construction – Provides highly accurate measurements and longer tool life.

Removable Hook Stop – Keeps the rule square when marking, and allows fast referencing from the workpiece edge.

Bevelled Edge
– For easy transfer of measurements.

Size	Part No.	Barcode
50mm (pocket)	**CBMHH0050**	9314350048690
300mm	**CBMHH0300**	9314350048720
600mm	**CBMHH0600**	9314350048737
900mm	**CBMHH0900**	9314350048744

MULTI-FUNCTION SQUARE SET

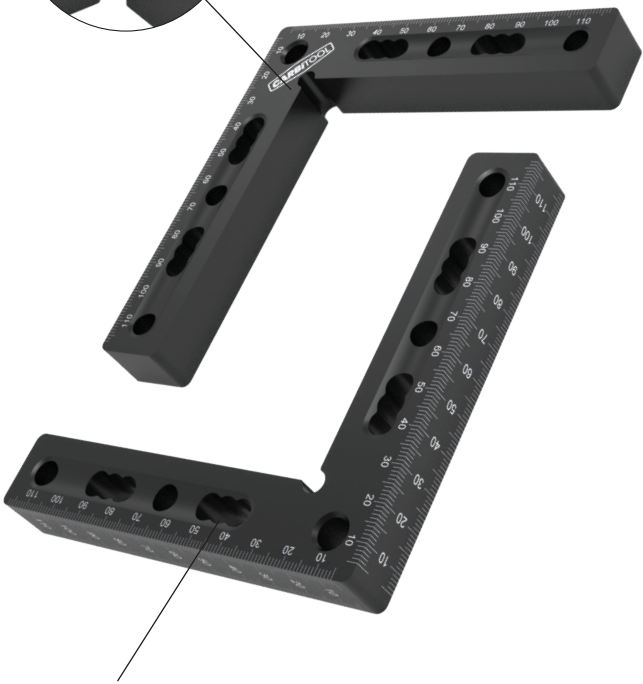

Designed for marking, clamping, and squaring-up in woodworking applications.

Features & Benefits

Precision Machined 6061 Grade Aluminium Construction – Provides highly accurate measurements and longer tool life.

Relieved Internal Radius – To protect outer corner of workpiece.

Machined Slots - For internal and external clamping.

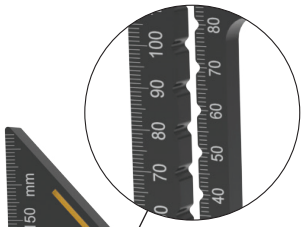

Size	Part No.	Barcode
120mm x 2	**CBMGS0150**	9314350048713
Includes		
Aluminium Angle Squares (x2)		
Screw Clamping Blocks (x4)		

CARPENTERS SQUARE

Designed for fast marking and cutting in timber construction.

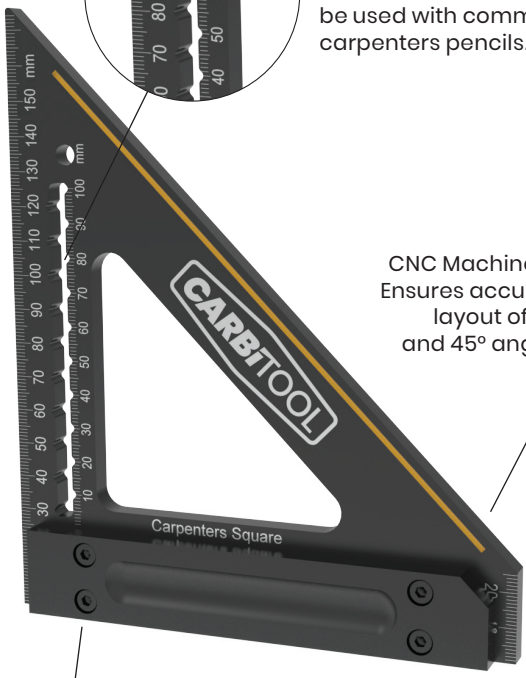

Features & Benefits

Precision Machined 6061 Grade Aluminium Construction – Provides highly accurate measurements and longer tool life.

Scribing Indents
- For marking of 10mm increments. Can easily be used with common carpenters pencils.

CNC Machined – Ensures accurate layout of 90° and 45° angles.

Adjustable Handle
– Allows re-calibration.
