CT-GE Fast Drying Anti-Static Glass Cleaner

## PRODUCT RANGE

Part Number	Available Size
CT-GE-500	500g Aerosol
CT-GE-750ML	750ml Spray
CT-GE-5L	5 Litres
CT-GE-20L	20 Litres

Refer to SDS for product safety guidelines

## CT-GE Fast Drying Anti-Static Glass Cleaner

Chemtools® Fast Drying Anti-Static Glass Cleaner is a water-based, quick drying, non-streaking, and non-abrasive cleaner. It is formulated to remove tough dirt, dust, grease, lint, oil, toner, carbon, fingerprints, and smudges from glass, office equipment, windshields, TV screens, and other sensitive equipment, including computers, X-ray machines, and TV and stereo plastics.

This multi-application product is also safe to use on painted surfaces, most plastics, and vinyl. The foaming action spray keeps the cleaner from dripping until wiped (aerosol only). As it is ammonia free, it is perfectly safe on tinted glass or film - even in the car.

### FEATURES AND BENEFITS:

- Foaming action (aerosol only)
- Safe on sensitive plastics
- Sanitises
- Australian Made
- Cleans plastics and glass
- Fast drying, non-hazing, and non-streaking
- Environmentally friendly

### APPLICATIONS AND USES:

- Mirrors and glass
- Automotive windshields
- Tabletops and benches
- Fixtures and fittings
- Showcases
- Aluminium windows and frames
- Kitchen splash-backs and tiles
- Desks, chairs, and telephones
- Chrome and stainless steel

### DIRECTIONS:

Spray lightly over the surface to be cleaned in sweeping strokes. Use a terry cloth or lint-free towel and wipe surface in a circular motion until dirt and grime is removed and the surface is clean. Turn the cloth to an un-used section (or use a fresh one) for a final polish and wipe.

**STORAGE:**

Store in a cool, dry place out of the reach of children, in original containers, at a room temperature of between 5°C to 30°C. Do not return any used material to its original container.

**DISPOSAL:**

All products should be disposed of in accordance with local regulations.

**PRECAUTIONS:**

This product is capable of producing adverse health effects ranging from minor skin irritation to serious systemic effects. None of these materials should be used, stored, or transported until the handling precautions and recommendations as stated in the Safety Data Sheets (SDS) for this and all other products being used are understood by all persons who will work with the material.

**WARRANTY:**

All products purchased from or supplied by Chemtools® are subject to terms and conditions set out in the contract. Chemtools® warrants only that its products meet the specifications designated as such herein, or in other publications. All other information supplied by Chemtools® is considered accurate, but is furnished upon the express condition. The customer shall make its own assessment to determine the products suitability for a particular purpose. Chemtools® makes no other warranty, either expressed or implied, including those regarding such other information, the data upon which the same is based, or the results to be obtained from the use thereof; that any product shall be merchantable or fit for any particular purpose; or that the use of such other information or products will not infringe any patent.
